3rd CAPE TOWN INTERNATIONAL SPORT AND PEACE CONFERENCE AND EXPO

The Power of a Dream

14 - 16 September 2016

Nedbank Building, Cape Town Waterfront

Cape Town (South Africa)

INTRODUCTION

In the Olympic Year 2016 the saying, *the Power of a Dream*, has special meaning for the 3rd Cape Town International Sport and Peace Conference. After hosting peace conferences and roundtables in Cape Town, Boston and New York the Foundation's dream is to bring together keystakeholders to jointly promote value education and peace through sport and to make a difference and to lead the world toward greater unity and harmony.

Many communities in South Africa and globally are characterised by conflict arising out of severe adverse socio economic conditions. Violent crimes, substance abuse, xenophobia, abuse of women and children, unemployment, poverty, are some of the challenges faced by communities all across South Africa. These challenges can be addressed to increase trust, social cohesion, value education for our youth and to contribute to peace, wellbeing and happiness in our communities. Sport and Recreation cannot provide sustainable solutions to all these challenges, however, the role of Sport and Recreation as a tool to promote Peace and Social Cohesion is often underestimated and certainly not well documented.

The 3rd International Cape Town Sport and Peace Conference seeks to promote sport, wellbeing, tolerance and peace worldwide. The event will be brought to you by the Foundation for Sport, Development and Peace in collaboration with the Department of Cultural Affairs and Sport and their partners.

The conference which brings together international and local experts, practitioners as well as academics in the field of sport, development and peace addresses a variety of stakeholders from civil society, from sport recreation and peace organisations, government departments, corporates, the media as well as interested parties from tertiary institutions, sports organisations, clubs and sport federations athletes and coaches as well as delegates from faith based organisations, defence force, police and schools.

The Conference will facilitate discussions, workshops, presentations and community experiences in the field of sport, recreation, community wellbeing and youth in the development and peace context. It will also offer the Youth Heritage Games for Youth participants an Expo for organisations to showcase their work in the field and for the first time a unique Capacity Building through an accredited Training Course by The Association for International Sport for All (TAFISA) on Youth Leadership and Olympic Values and Sport, Development and Peace.
